

## Student Life

### *Daytona Beach*

CrossRoads Bible Institute is located in beautiful Daytona Beach, Florida. Daytona and its surrounding cities such as Port Orange, South Daytona, and Ormond Beach are excellent places to reside. Many people spend hundreds to thousands of dollars to visit Daytona Beach for just a week. We enjoy the benefits all year long! Daytona Beach is also only one hour away from the city of Orlando, which features many theme parks and other family attractions.

### *Activities*

There will be many opportunities for ministry and community service provided for the Bible Institute student through CrossRoads Ministries. Students also have the opportunity to attend a museum focusing on creationism, a Bible museum, biblically educational tours, and go on missions trips in the United States and overseas.

### *Spiritual Life*

Student life on the campus of CrossRoads Bible Institute is one characterized by CrossRoads' goal of being a helper of students' joy as they learn to rightly divide the Word (2 Timothy 2:15) and stand by faith (2 Corinthians 1:24). We seek to use the Word of God to build biblical character and ethical values in our students, as well. They are prepared to serve as pastors, Bible teachers, children's and youth directors, missionaries, counselors, church office personnel, and Christ-like examples in secular occupations as well.

In addition, students have opportunities to build lifelong friendships with other young men and women who love the Lord and are training to serve Him. CrossRoads Bible Institute is committed to providing its students an environment conducive to focusing on Christ and His Word, enhancing their spiritual development, and the services necessary to assist its students in achieving their educational goals.
